Checking the brake fluid in your 2009 Audi A4 Quattro is easy and should be done once a month. On some Audis, the owners manual suggests pumping the brake pedal 25 times before looking at the fluid level, be sure to check your owners manual to see if this applies to your 2009 A4 Quattro. In addition to checking the brake fluid level, you want to look at the color of the brake fluid in your A4 Quattro - if it is dark in color or it has been more than 2 years since you have changed it, you ...

Pull the hood release under the dashboard of your Audi. Open the hood and secure it in the open position. Your browser does not support video tag. Locate the brake fluid reservoir in the engine bay near the wiper arm on the driver's side. On newer Audi vehicles, the brake fluid reservoir is covered with a black plastic cover that needs to be removed to reveal the brake fluid reservoir. Look at the side of the reservoir.
