The basic structure doctrine is an Indian judicial principle, most notably propounded by Justice Hans Raj Khanna, that the Constitution of India has certain basic features that cannot be altered or destroyed through amendments by the parliament. Key among these "basic features", as expounded by Justice Khanna, are the fundamental rights guaranteed to individuals by the constitution.

### Basic structure doctrine - Wikipedia

About the Book The Constitution of India has been India's greatest achievement since independence. The country can take legitimate pride in the fact that the Constitution has survived all the pressures, stresses and strains inflicted on the body politic by malevolent forces, both internal and external. It has emerged stronger from the many crises, conflicts and controversies.

### Indian Constitution Conflicts and Controversies

The Government of India (ISO: Bhārat Sarkār), often abbreviated as Gol, is the union government created by the constitution of India as the legislative, executive and judicial authority of the union of twenty eight states and nine union territories of a constitutionally democratic republic. The seat of the Government is located in New Delhi, the capital of India

### Government of India - Wikipedia

The case of India is somewhat ambiguous. The Indian federal constitution spells out a long list of important subjects over which the states and territories that compose the union have exclusive jurisdiction. But the constitution gives the central government the power to legislate on any subject—including the ones...
