### Discourse Analysis And Foreign Policy

Discourse analysis and European foreign policy A central question in the literature and political debate about European foreign policy is the issue of whether one can talk about a common understanding of EU international actorness in or outside the EU. This question can be said to lie behind many other issues of EU foreign policy.

Critical discourse analysis continues to remain a valuable method for understanding foreign policy. Situated in the broader interpretive methodological approach to the social sciences, it challenges the ontological and epistemological assumptions of more positivist methodologies by observing that the world is not pregiven, but socially constructed. In essence, we live in an intersubjective world where discourse serves as a powerful tool to set agendas, produce meaning, legitimize interests ...
