CENTER ACTIVITIES .

For those of you who are unclear on the definition of a center, a center in my definition book, is a area where a group of students can gather to partake in an activity that has purpose. Students can participate in a center at their desk, a separate table, or on the floor.

Generally, I use a four-station rotation: a teacher station, a tech station, an independent practice station, and a group/partner practice station. Time spent at each station may vary depending on how much time is allotted for the lesson block, but each rotation generally lasts for 6-10 minutes.
