among the most effective. Plus, recent studies have shown that the majority of today's students and employees prefer real classrooms over virtual ones.

Epicor ERP Consulting | Epicor ERP Training | Tomerlin-ERP

Cons: Epicor ERP is expensive software, and since it's such a wide product that handles so many aspects of your business, setup really must be done according to Epicor's recommendations and completed thoroughly. Also, since it's so flexible, there is a lot of it that you won't use, so it's best to create clear work instructions for your team and/or hide fields and/or functions that you will not ...
