### **Ergonomics Training by Humantech, Inc.**

Ergonomic Services Office services include ergonomic assessments, customized ergonomic training, ergonomic resource development for specific office equipment, general ergonomic consultation, ADA reasonable accommodation requests, and ergonomic assessments due to a doctor's order.

### **The Rising Workplace, PIIC | Health, Safety & Ergonomics**

Ergonomics is the science of adapting a workstation to its worker, not the other way around. To help employees maximize comfort, health and safety, the University has recently hired an on-site ergonomist, trained to ensure equipment and facilities provide the greatest efficiency and support.

### **Ergonomics Program | Human Resources**

Like Humantech's Dan Rostykus, MacLeod says more companies are beginning to view ergonomics as an overall business tool. He has catalogued many ways ergonomics can save money. You may wish to integrate some of his ideas in your next budget request or as part of a management training session on the value of ergonomics.

### **Ergonomics Reference Materials - Safety.BLR.com**

Establishing a formal ergonomics process is the way to achieve that, and leveraging technology is how you can provide consistent training, a common method, tools, and metrics across your organization.
