While modern books are born digital, books old enough to be in the public domain may never have seen a computer. Google has been scanning books from public libraries and other sources for several years. That means you've got access to an entire library of classic literature that you can read on the computer or on a variety of mobile devices and eBook readers.

today--with words, images, and sounds, in print and online--and encourages students to see the connections between their everyday writing and academic writing.

Everyone's an Author by Andrea A. Lunsford

Alison Russell. Everyone's an Author remains faithful to a rhetorically informed approach to writing instruction, and, as its title suggests, it understands that both rhetoric and writing are undergoing profound changes as a result of new technologies. Because it is sharply attuned to such changes, it offers writing teachers new ways to think about old concerns—audience and genre, argument and style, research and rhetoric.

Built on the keystones of rhetoric, Everyone's an Author provides a strong foundation for authoring in the digital age: in college essays, but also on Twitter; in print, but also online; with words, but also with sound, video, and images. It shows students that the rhetorical skills they already use in social media, in their home and religious communities, at work and in other nonacademic contexts are the same
