Both management and

# Read Online Leadership Roles And Management

leadership are functional processes but leadership is never a role. Thus we need to shift our focus to what management skills it takes to run a large company. Leadership is an occasional act, an influence process. CEOs only show leadership occasionally, specifically when they influence people to think or act differently.

Defining Leadership  
Roles and Management  
Functions in Nursing  
Nurse managers  
supervise fellow  
nurses, ensure that  
work environments  
remain safe and  
healthy, and contribute  
toward a sense of  
teamwork that enables  
nurses to focus on  
patient care while  
growing professionally.
