operated, selective fire weapon. It is chambered for a standard NATO 5.56x45 mm ammunition. At the time of its introduction the C7 could be considered as one of the best assault rifles in the world.

Colt Canada C7 Assault Rifle | Military-Today.com

Inspect your rifle and assess which parts of the rifle's mechanism needs to be repaired. A piece that often needs replacing is the air valve seal. To replace it, dismantle the rifle as described in steps 1 and 2. Remove the old fiber gasket you will find on the air valve and replace with the seal provided in the kit.
