A nation state is a state in which a great majority shares the same culture and is conscious of it. The nation state is an ideal in which cultural boundaries match up with political boundaries. According to one definition, "a nation state is a sovereign state of which most of its subjects are united also by factors which defined a nation such as language or common descent."

Nation state - Wikipedia

Industry was an American new wave band formed in 1978 in New York City as Industrial Complex, their name later changing to Industry. In 1981, the band became commercial but disbanded three years later. Their only well known album was Stranger to Stranger, released in 1984 which included the hit single, " State of the Nation ".

Industry (American band) - Wikipedia

Both depended on political support from a nation-state for their existence and success. Both had the capacity to raise large sums of money to engage in trade and production on a global scale. True or false: The technological developments of the second industrial revolution made the primary goods of the first industrial revolution (coal, iron, cotton, wool, and wheat) largely unimportant.

Introduction to Nation-States | Western Civilization

The colossal power of these gigantic multinational companies, which is increasingly fused with the capitalist state, producing the phenomenon which the American sociologist Wright-Mills dubbed the "Military Industrial Complex", dominates the world far more completely than at any time in history. Here we see a striking contradiction.

Marxism and the National Question

Espionage between nation-states is hardly a new phenomenon, but in the last few decades the world had moved into a whole new realm of spying: cyber espionage. This new form of espionage is affecting the economic and political relationships between nation-states as well as changing the shape of modern warfare.

Nation-State Cyber Espionage and its Impacts

Political system - Political system - National political systems: The term nation-state is used so commonly and yet defined so variously that it will be necessary to indicate its usage in this article with some precision and to give historical and contemporary examples of nation-states. To begin with, there is no single basis upon which such systems are established.

NationStates | Dispatch | NationStates Guide

The late twenties and early thirties were perhaps the most transformative period in Soviet history. It was during this period Stalin consolidated his grip on power and was allowed to rule with impunity, instituting his "revolution from above" on the Soviet people. He actively transformed the culture of the time, giving birth to a new Russian nationalism, rejecting the earlier Bolshevik ...
