The PreGate Moves screen displays the list of PreGate move items in compressed mode, filtered by current date or greater and displayed across all participating terminals. To expand the view, click on the “+” sign to the left of the individual move. If you have a dual move (example Drop Empty and Pick Import on one ticket), then you will see one line for the Drop Empty, and one line for the Pick Full, with both lines displaying the same Ticket number.

PreGate Moves - eModal

You can create a PreGate for one or more containers in the Import Watchlist. Create a single PreGate request by clicking on the green Add New PreGate text in the PreGate column of the list. This will open the PreGate screen where you can complete the process.
