## **DUBAI TRADE PARTNERS WITH GLOBAL SUPPLY CHAIN ACADEMY**

Extending the UN Global Compact's Ten Principles into the supply chain can be difficult because of the scale and complexity of many supply chains. The UN Global Compact encourages companies to make sustainability a priority from the top of the organization. If the chief executive sees the supply chain as an extension of their workforce and community, the company can set expectations for best practices across its supply chain.

### **Supply Chain Sustainability | UN Global Compact**

Though they are more than a decade old, these timeless principles highlight the need for supply chain leaders to focus on the customer. They also stress the importance of coordinating activities (demand planning, sourcing, assembly, delivery, and information sharing) within and across organizations.
