This art is called  
contrary thinking. For  
most investors, it is  
something that is not  
easy to develop, but if  
the effort is made it  
can be very rewarding.  
Contrary thinking is a  
habit of questioning  
everything - asking  
whether there is a  
point of view that is  
contrary to what the  
market crowd is  
currently believing.
