## **The Law And Ethics Of**

Ethics and laws are found in virtually all spheres of society. They govern actions of individuals around the world on a daily basis. They often work hand-in-hand to ensure that citizens act in a certain manner, and likewise coordinate efforts to protect the health, safety and welfare of the public. Though law often embodies ethical principals, law and

## **Ethics and Law | Introduction to Ethics**

The major differences between law and ethics are mentioned below: The law is defined as the systematic body of rules that governs the whole society and the actions of its individual members. Ethics means the science of a standard human conduct. The law consists of a set of rules and regulations, whereas Ethics comprises of guidelines and principles that inform people about how to live or how to behave in a particular situation.
