may 1 2003 hardcover** as with ease as
review them wherever you are now.

While modern books are born digital,
books old enough to be in the public
domain may never have seen a
computer. Google has been scanning
books from public libraries and other
sources for several years. That means
you've got access to an entire library of
classic literature that you can read on
the computer or on a variety of mobile
devices and eBook readers.
