Virology Monographs 1

Virology Monographs 1 Compared to the previous volumes of Virology Monographs, the recent one on varicella virus is more clinically oriented. The text is shorter, but the description is clearer.

Virology Monographs 1

Compared to the previous volumes of Virology Monographs, the recent one on varicella virus is more clinically oriented. The text is shorter, but the description is clearer. Less than half of the book involves the discussion of the basic virology; the rest is on clinical virology, which includes clinical pathological features, immunity, epidemiology, pathogenesis, prophylaxis, treatment, and ...

African Swine Fever Virus - Bluetongue Virus | William R ...

African swine fever (ASF) is a highly contagious viral disease of swine which causes high mortality, approaching 100%, in domestic pigs. ASF is caused by a large, double stranded DNA virus, ASF virus (ASFV), which replicates predominantly in the cytoplasm of macrophages and is the only member of the Asfarviridae family, genus Asfivirus. The natural hosts of this virus include wild suids and ...

The history of coronaviruses is a reflection of the discovery of the diseases caused by coronaviruses and identification of the viruses. It starts with the first report of a new type of upper-respiratory tract disease among chickens in North Dakota, US, in 1931. The causative agent was identified as a virus in 1933.
