Chapter 15 -- North Africa Flashcards | Quizlet

Western Sahara is a non-self-governing territory on the northwest coast of Africa bordered by Morocco, Mauritania, and Algeria. After Spain withdrew from its former colony of Spanish Sahara in 1976, Morocco annexed the northern two-thirds of Western Sahara and claimed the rest of the territory in 1979, following Mauritania's withdrawal.

Africa :: Western Sahara — The World Factbook - Central ...

Anywhere you see dampness on the ground or green vegetation, dig a large hole a few feet deep, and you'll likely get water seeping in. The same is true at the feet of cliffs, in dry river beds, at the first depression behind the first sand dune of dry desert lakes, and in valleys/low areas. You may not be successful, but you just might.
